

why the Y

Dear friend of the Athens YMCA,

We hear sweet stories about the Y daily. While I can't share them all with you, I hope that meeting the Ruiz Family gives you a glimpse:

“We love the Athens YMCA because they have a variety of after school programs for the kids and also other activities to enjoy as a family. They have affordable prices, and the staff is super friendly. They make you feel like family. We are very happy to be part of the YMCA.”

This precious family has been with us for years! We've watched their oldest grow up and are now watching their youngest experience after-school for the first time. Their oldest now comes to the Y from high school to help out with our soccer program while their youngest rides the bus over with all of the other "big kids!"

So why the Athens Y?

Because it's a place that is family for your family!

Blessings,

Shae Wilson
